DR. STOTTS' ANNOUNCEMENT

I am not an old time doctor, claiming to have been a specialist for a half contary, and hence with methods necessarily antiquated, chaolete and only of date, but, on the other hand, my methods and practices are decidedly those of the present dayadding the benefits and experiences of the past to the superior knowledge and perfected methods of the present. They are the latest discovered, whose efficacy have been proven, and my experience in this class of the past few years, with my financial etanding, the permanency of my location and the indexament of the many whom I have brought back to health and happiness make me the only specialist today with sufficient confidence and faith in my treatment to offer it to the afflicted practically on their own terms.

Since Taking Cardui, and Does Not Now Suffer Any Pain, Writes Georgia Lady.

Trenton, Ga.—Mrs. Ellie Gifford of this place, writer: "I have always suffered from painful... but was worse after marriage. I would have a bad sick beadache every time, which would generally last two days. I had always heard what a good medicine Cardui was, so I thought I would try i, I used two bottles and it helped me.

Fifteen months later I began to be nervous, and was worse at my.

But at these times I did not have any pain and do not now suffer any pain, Eut I was very nervous, so nervous that my hands would shake. Any noise would make me jump. So I took two more bottles of Cardui. I have never been nervous since... and is not have any pain. I think this is all due to Cardui and Black Draught."

Cardui, the woman's tonic, is composed only of pure, vegetable ingredients, which have been recognized for many years by standard medical books as of great medicinal value.

With a wonderful record of over 40 years to its credit, Cardui has proven its ment in the treatment of allments peculiar to women.

ITALIANS PAUSE; FIGHT FIERCELY

Deadlocked With Austrians, Pause on Way to Trieste; Both Claim Success.

By Associated Press

On the southern end of the line, near the head of the gulf of Triest, the Italians for the moment have paused in their titance effort up push forward to Triest and heavy fighting again is in progress to the north around Gorizia, Plava and the Vodice.

East of Gorizia and on the Vodice the Austrians attempted to carry the offensive to the Italians but the artillery fire of King Victor Emmanuel's troops stopped the assaults and in the last named sector the Italians delivered an attack and notwithstanding stubborn resistance, made progress on the southeastern slope of hill 52. Likewise in the Plava sector the Austrians were driven back.

Around San Giovanni and Duino at the lower end of the line the Austrians heavily bombarded the Italians in their new positions and ineffectually tried to cust them. Both sides are claiming the capture of large numbers of prisoners since the battle from Tolmino to the sea began the Italians asserting that they have taken 23,681 and the Austrians 14,500. City Will Pass New Ordinance on Subject Following Petition of Lawyer.

Upon request of Charles B. Rogers, a local attorney, the mayor and board of city commissioners yesterday morning instructed Assistant City Attorney John Woodard to prepare an ordinance regulating the erection and maintenance of public garages within certain distances of public or private schools.

Busians Grow Active.

Pollowing reports of an increase in the Russian artillery activity against the Austrians in the eastern theater, comes a statement that there has been a renewal of the activity of the Teutonic allies in Rumania and that carly attacks by them are expected for Rumania, of M. Thomas, the French minister of munitions, and M. Kerensky the Russian minister of war, possibly may be connected with the revival of activity by the Russians.

The new ordinance will prohibit the erection of a public garage within one block of a school.

block of a school.

The reason for this, as explained by Attorney Rozers, is that the proximity of a garage to a school building and the pupils increases the fire risk of the building and adds to the danger of children going to and from school where they are forced to pass before the garage doors where cars are entering and leaving with little or no warning to pedestrians on the walks
